

# GATE-LOK

MADE IN THE USA

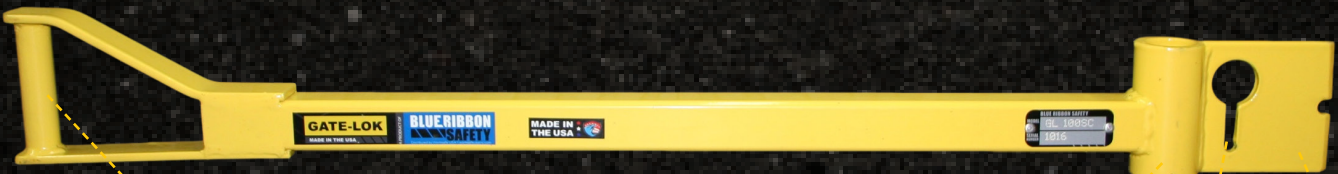

## SAFELY SECURE DUMP BODY/TRAILER TAILGATES

Prevent injuries caused by improperly secured gates on trailers and dump-trucks with GATE-LOK. The easy-to-use design safely secures the gate in the open position while unloading or during maintenance. The Standard size is designed for full size dump trucks and trailers, the "Shorty" has a shortened length and is ideal for one ton and ton and a half contractor dumps.

Optional scraper can be used to clear debris such as rock, sand and asphalt from the spreader pan and tail-gate area. Multiple pin retainer sizes are available. Constructed of durable steel.
